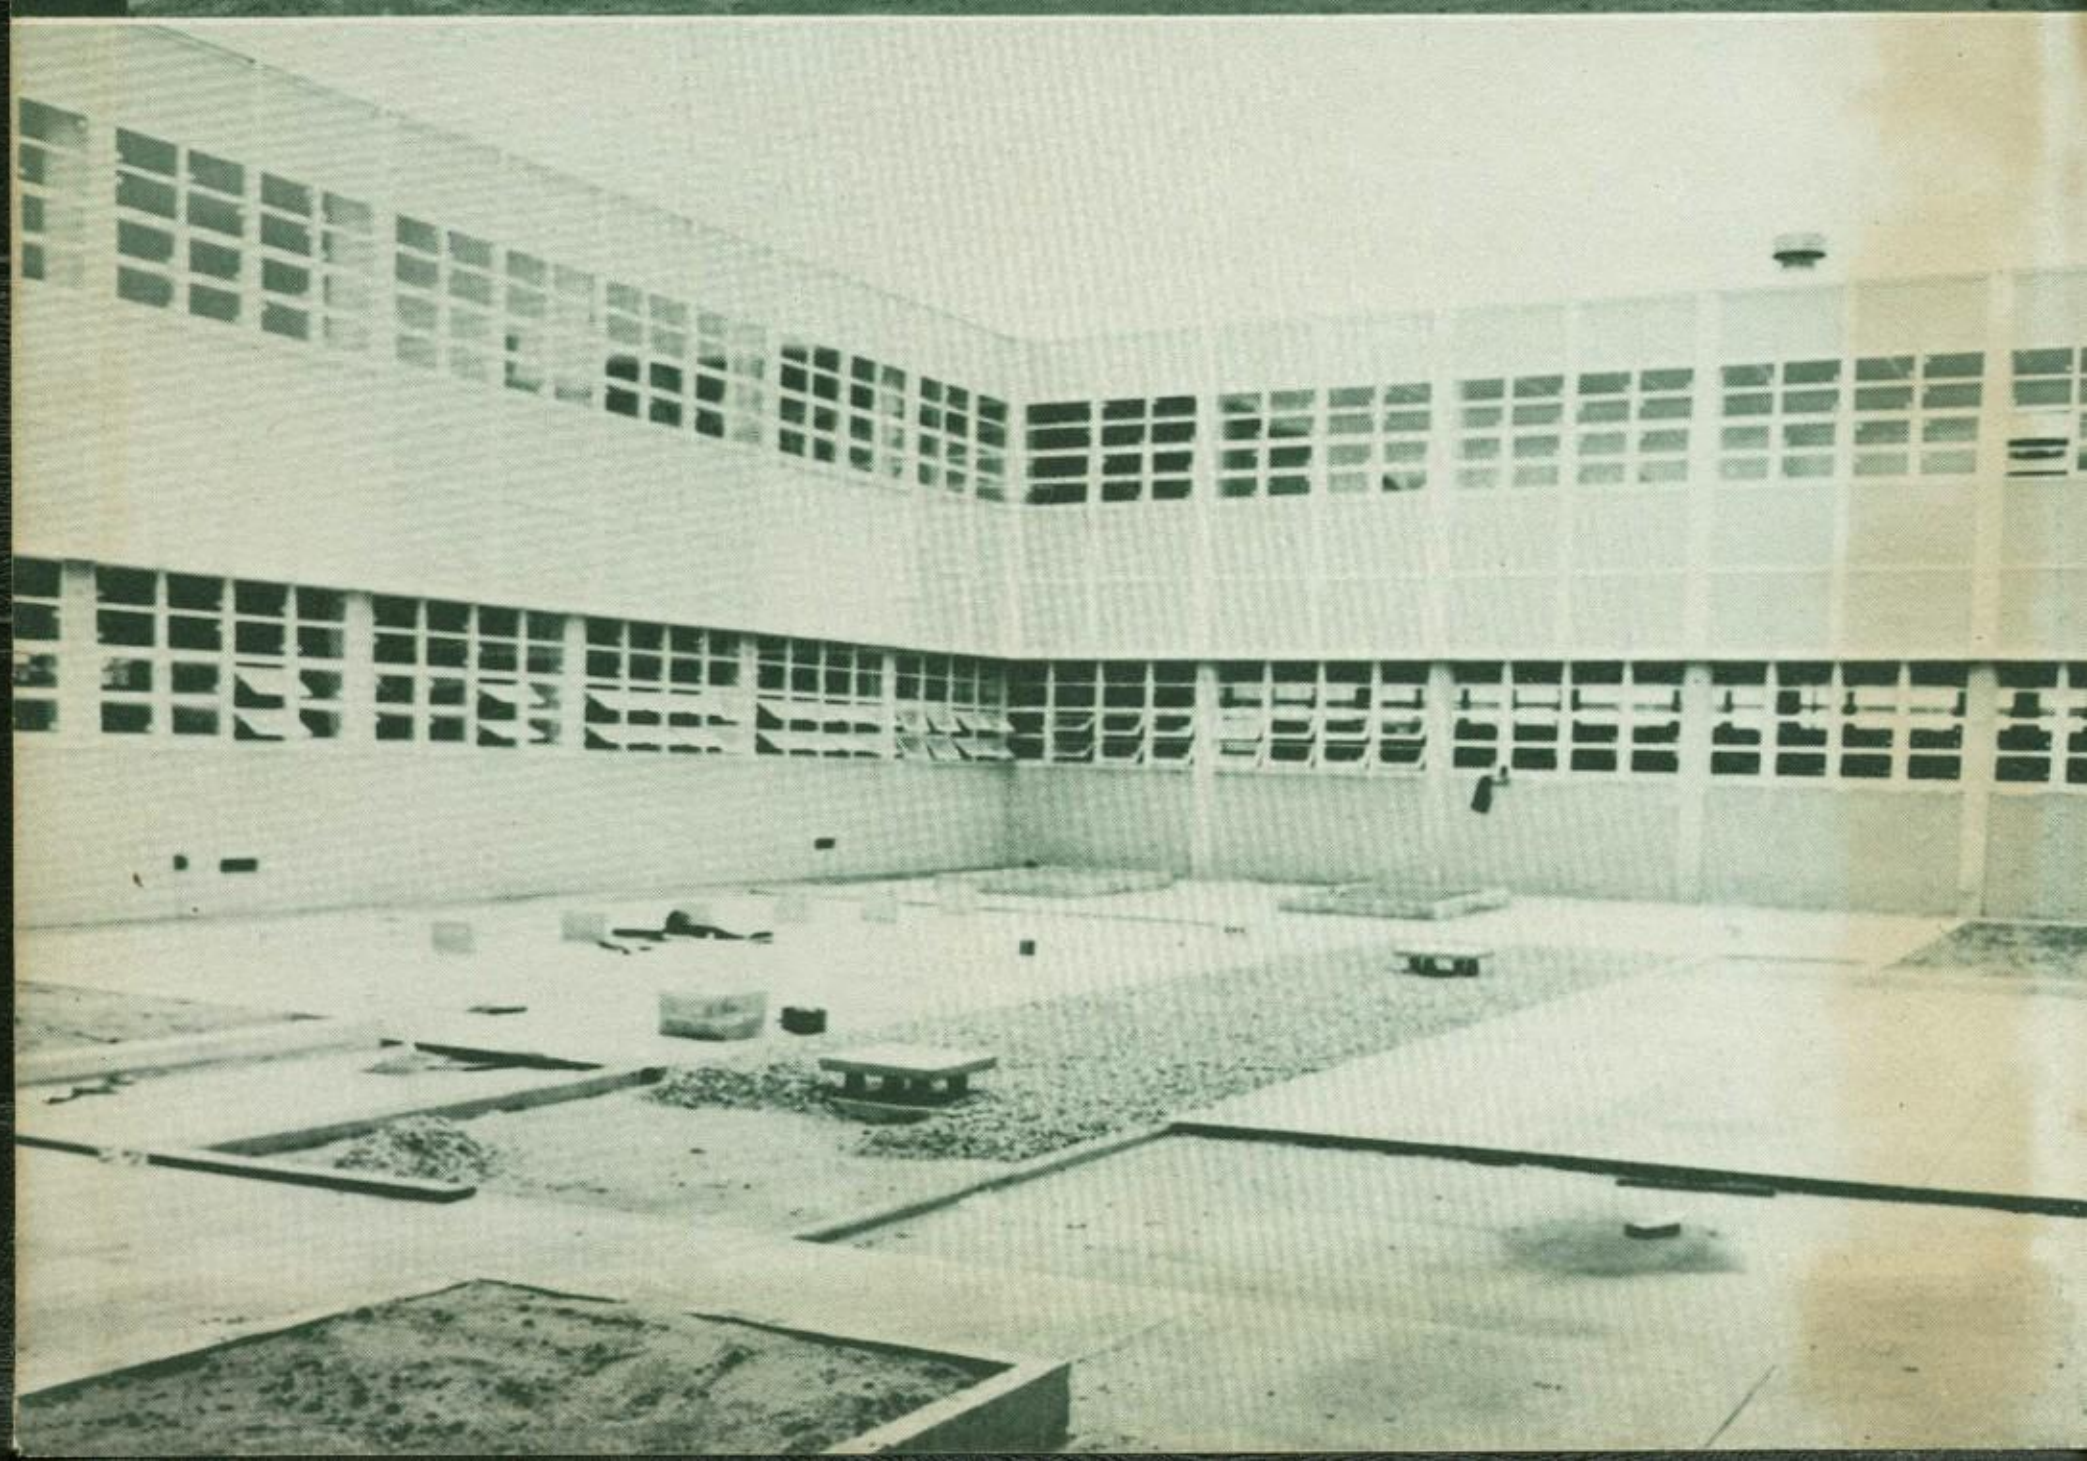
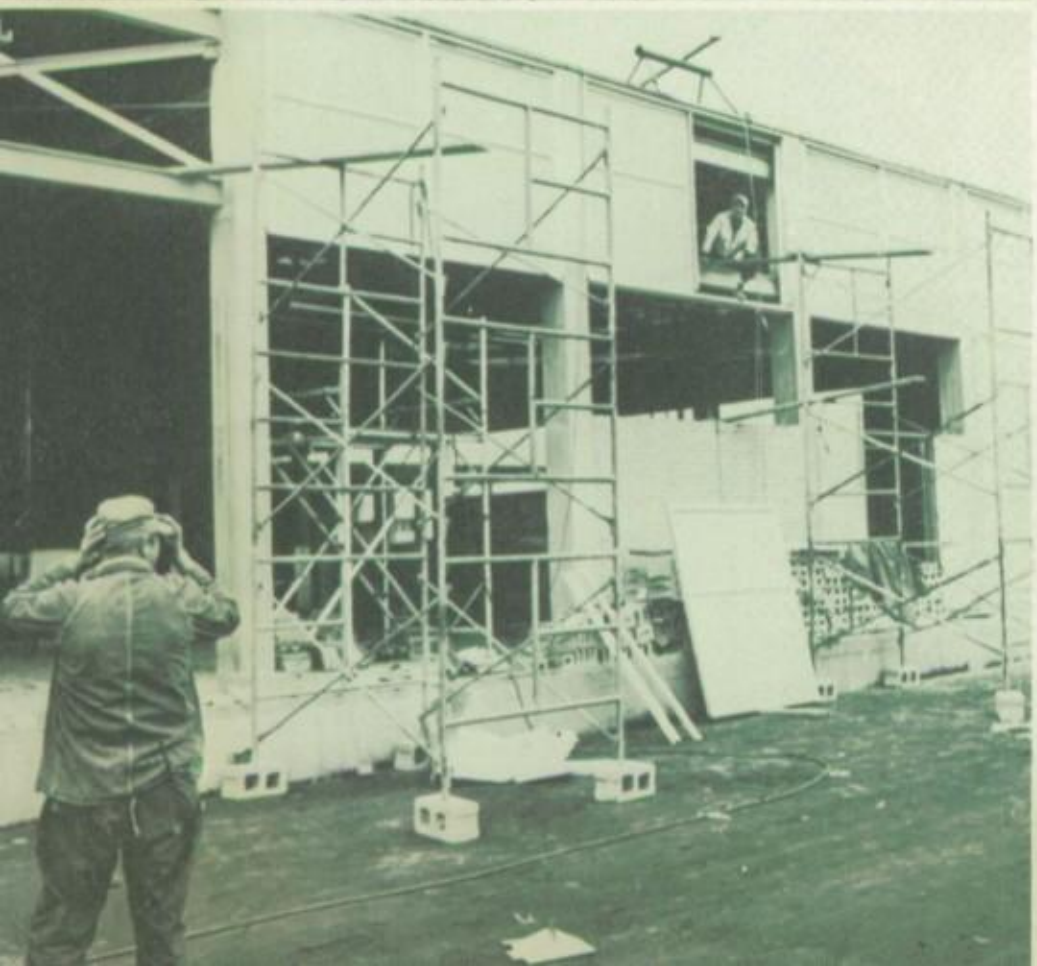
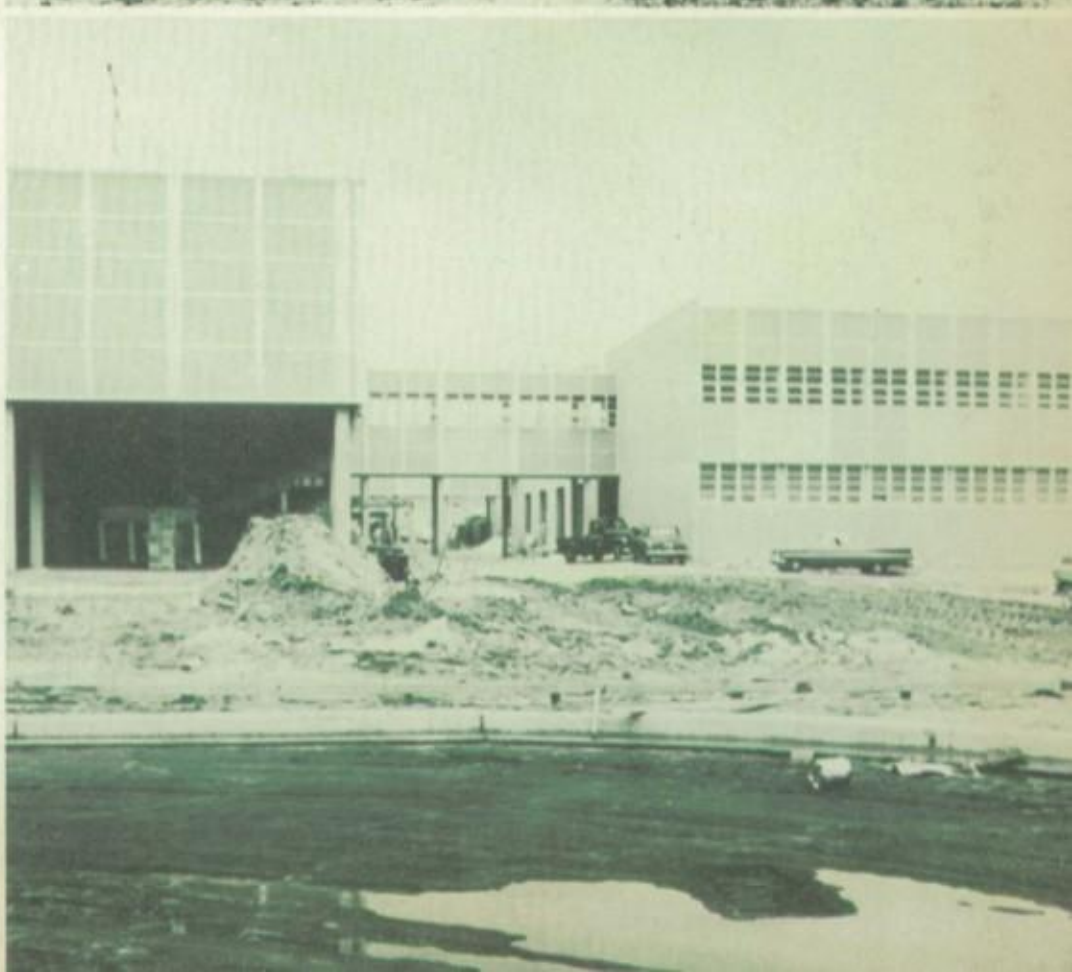
TOSHOA



Danny Flanagan





DAVIDSON

presents

Volume One of our new yearbook, The Toshoa, is presented in this historic year of 1963, with the best wishes of the Staff.

The selection of the title was made by a committee appointed by our Principal, Mr. Sam Shout. After careful study the committee chose Gay Slagle's suggestion.

THE TOSHOA.

Toshoa is a Choctaw word meaning 'record, story, translation.' We hope this first volume will be a treasured memory of a wonderful story of your school years at Davidson.

Davidson Marches Forward...

Davidson has marched forward in many ways since its birth in 1960. Its inspiration has flowed forth abundantly in student assemblies, in the classroom, on the field and from behind the speaker's stand. As a result, its lamp of learning and its open book will long be cherished symbols for those that love light and truth. Step with us for a moment into the spirit of Davidson — looking to the future with hope, living the present in faith, and remembering the past in love.

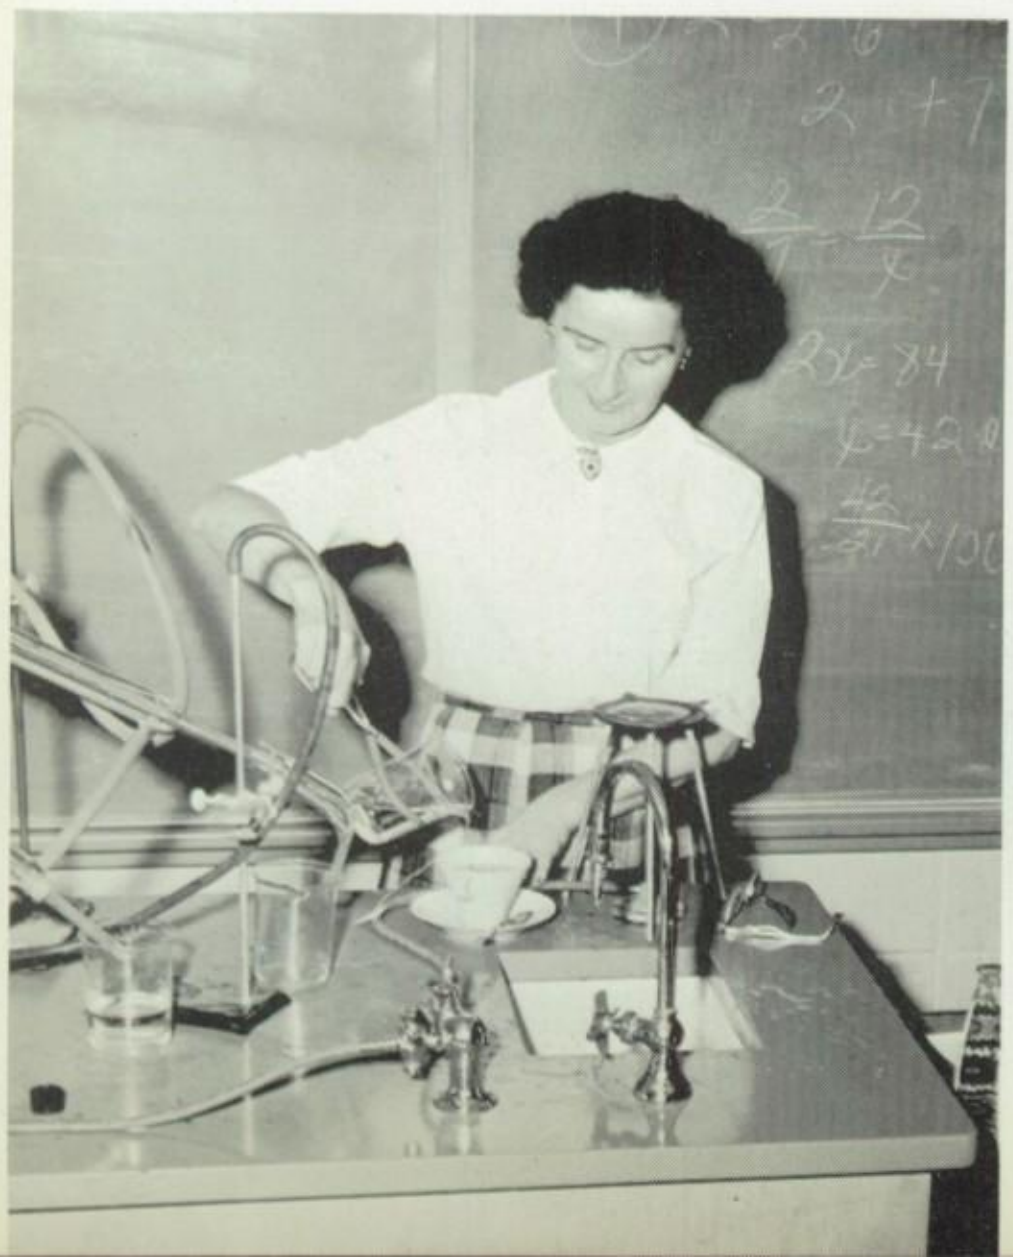
Dedication

This year we are honoring an untiring worker for her best efforts and service for our School. Her dedication and determination as given for the betterment of Davidson are well proved by her work as sponsor of the Student Council. The success of the council has largely been the result of her fine direction and support, but being more than adviser, MRS. RUTH B. MERVIN has become the friend of everyone at Davidson High School.

Needless to say, she has excellent educational qualifications so very evident to all who come in contact with her. However, even while instructing in her subject matter, she teaches us the value of friendship as well as work.

Perhaps for these qualities of kindness, and friendship more than any others, we are indebted to our first chemistry teacher, and friend, RUTH MERWIN.

The Toshoa Staff.



MRS. RUTH MERWIN

PRESENTS

FACULTY

The Chapter One of our school history will include names of many new teachers along with some who have been with us for several years. Our Faculty consists of professional people of an interesting training and teaching experience. Some of the leading universities and colleges are listed in their personal data records. All reflect such past influences in their own lives as they lead us to higher achievement and aspirations.

IN APPRECIATION

On behalf of our School we hereby express our sincere appreciation to those who had our interest at heart in the planning of our beautiful new school. Many persons had some part in bringing to pass the dream. To everyone we extend our gratitude. To the following School Board Members we are especially indebted for their constant effort and interest in developing as fast as they could, a plant that is a credit to the country, and sufficient for our present needs.

MR. CHARLES E. McNEIL, President
MR. ARTHUR F. SMITH, JR., Vice President
Chairman, Committee on Finance
MR. JACK GALLALEE, Chairman:
Committee on Lands
MR. KENNETH REED, Chairman:
Committee on School and Community Relations
MR. WILLIAM B. CRANE,

Member on Committee on Finance, and School, and Community Relations

To other administrative officers who have done so much to work out details that the School might have the newest and most functional aspects, we are deeply appreciative. This list includes MR. JOHN R. MONTGOMERY, Assistant Superintendent, Business Office; MR. JOSEPH W. LUQUIRE, JR., Director School House Planning and Construction; MR. DON W. PENNELL, Assistant Director, School House Planning and Construction.

IN MEMORIAM

To one who will live in our minds and hearts because he saw a vision that would include us and the future students, we wish to pay tribute for this interest, To MR. W. P. DAVIDSON who spent time, interest, strength, and effort for the foundation of the school program to come to pass, we are grateful. Because vision and concern are the real ingredients of progress, such men as Mr. Davidson, have blazed the trails that we now travel. May we be as eager to take care of what he has made possible, as he and his followers have been to make our School a reality for us. His faithful office workers did much to assist in developing plans for his projects. To them and to all such assistants, we say "Thanks."

ADMINISTRATION

MR. SAM H. SHOUT

PRINCIPAL

Mr. Sam H. Shout, first principal of our school, holds a bachelor of science degree from Transylvania College, Lexington, Kentucky, and a masters degree from the University of Kentucky, Lexington.

His experience includes classroom instruction and coaching in the Murphy High School. His interest in developing newer concepts in education has a special influence in his planning. His professional interest has led him to national meetings several times since his work with the two schools.

Desk Duties Are Many.

MR. WALTER M. PHILLIPS

Mr. Walter M. Phillips, acting as Assistant Principal this year, has been of great help in basic duties of administration. Mr. Phillips will be succeeding Mr. Shout as principal of the Azalea Road Junior High School for 1963-64.

Our principals are appreciative of the attitude which students demonstrate in their willingness to understand problems that affect all of us.

CLASSES

The roots of school life are the classes. They grow deep in knowledge and spread over a wide variety of interest. Although their main purpose is academic, they are the foundation for the cultural and social development of the students. Underclassmen (two hundred ninety-four Juniors, four hundred twenty-seven Sophomores, and three hundred eighty-six Freshmen) have been well led by the one hundred eighty-three members of Davidson's first graduating class. Each of the classes, with its own unique spirit, has made us confident that tomorrow's world will be one of achievement.

ACHIEVEMENTS

To our school the word achievement is broad enough to include every interest and ability to be found in a student body. We believe that to excel is more than to win. Although our students win in many fields of youth competition, we value most that which it does for individual development and satisfaction.

PRESENTS

ORGANIZATIONS

Clubs and other organizations have come from student interest and concern rather than from a projected program from the Faculty. The usual groups of the modern high school are to be found in our plan. These will include the Red Cross, Student Council, school newspaper, yearbook, subject interest clubs, sports and athletic organizations, and debate.

As the School continues in its development the next group of organizations to be considered are the national clubs. Examples are International Relations, Future Teachers of America, Future Nurses of America, Allied Youth, Hi-Y, Y-Teens, etc. This year the Homemakers, Grey Ladies, and Candy Stripers are in operation.

Special music and art groups will also develop in time. Speech and dramatics, having class stimulation this year, will grow into special interest groups later.

Achieving in Leadership and Service

STUDENT COUNCIL OFFICERS

Bob Copeland, Treasurer; Ervin Thompson, Vice President; Mary Kay Eddins, Secretary; Lynn Phillips, President.

Other members of the Student Council are the various class officers (pictured with their classes), Ted Mueller, President of the Mobile County National Student Council Association, and the Teacher Sponsor, Mrs. Ruth Merwin.

Responsibilities of the Council consist of appointing and assigning monitors, supervising the School Store, conducting sales that are related to school needs, supervising student elections and assemblies, promoting citizenship through campus cleanliness, cafeteria projects, and various welfare projects. The Council is a member of the National Association of Student Councils. The highlight of this year's achievement has been the development of a Constitution which was the result of proper democratic procedures.

Our School is honored to have a former president to become County President this year. Ted's concern for his school and its best welfare has been outstanding. Under Lynn's able leadership this year, our Council has covered many areas of school life adjustment as it closes the historic era of W.P. Davidson's first official Council and first constitution.

Despite the confusion that has prevailed in the TOSHOA corner just before a deadline date, the staff members all have seemed to have about them an atmosphere of loyalty and responsibility. Whenever staff members have found a few free minutes and a place to work, they have slaved over layouts, typed copy sheets, or composed write-ups.

Although the main objective of the Toshoa is to represent the life and activities of Davidson students at school, the staff also sponsors the selection of class favorites, Mr. and Miss Davidson, and Senior Elite.

Funds for the annual publication are provided through students subscriptions and advertisements given by local business firms. The coordination of these limited funds with the artistic inspirations of staff members is a major job and has been achieved only through long hours of dedicated service.

Debate Club Wins State Honors

FRONT ROW: Johan Grimm, Jo Anne McCullough. BACK ROW: James Wilson, Charles Miller, Mike Abbott, Judy Allen, Raymond Stanland, Donald Parker.

Members practice their constructive speeches.

RESOLVED: The common market should be established in the Western Hemisphere.

This was the national debate topic used by the Davidson Debate Club for the 1962-63 school year. With this topic the Debate Club won second place in the Mobile Center Debate Tournament.

This organization has received several well-deserved honors. It handles the finances for the Mobile County Forensic League of which James Wilson is chairman. The group was allowed to take an observation trip to Tulane University. The members have participated in the Mobile County Forensic Tournament, the State Debate Tournament of 1963, and the Nashville Tournament.

This has truly been a good year for our Debate Club, and they deserve the congratulations of the entire Davidson student body.

PRESENTING...

Majorettes

Striking performances both on the football field and in the Governor's Inaugural Parade were presented by Davidson's lively majorettes who are headed by Diane Francis. Having practiced diligently with the band and having attended the baton twirling camp at the University of Southern Mississippi during the summer, these girls returned to Mobile to display vividly the quality they had attained. Featured as twirlers were Diane Francis and Cheryl Biehl.

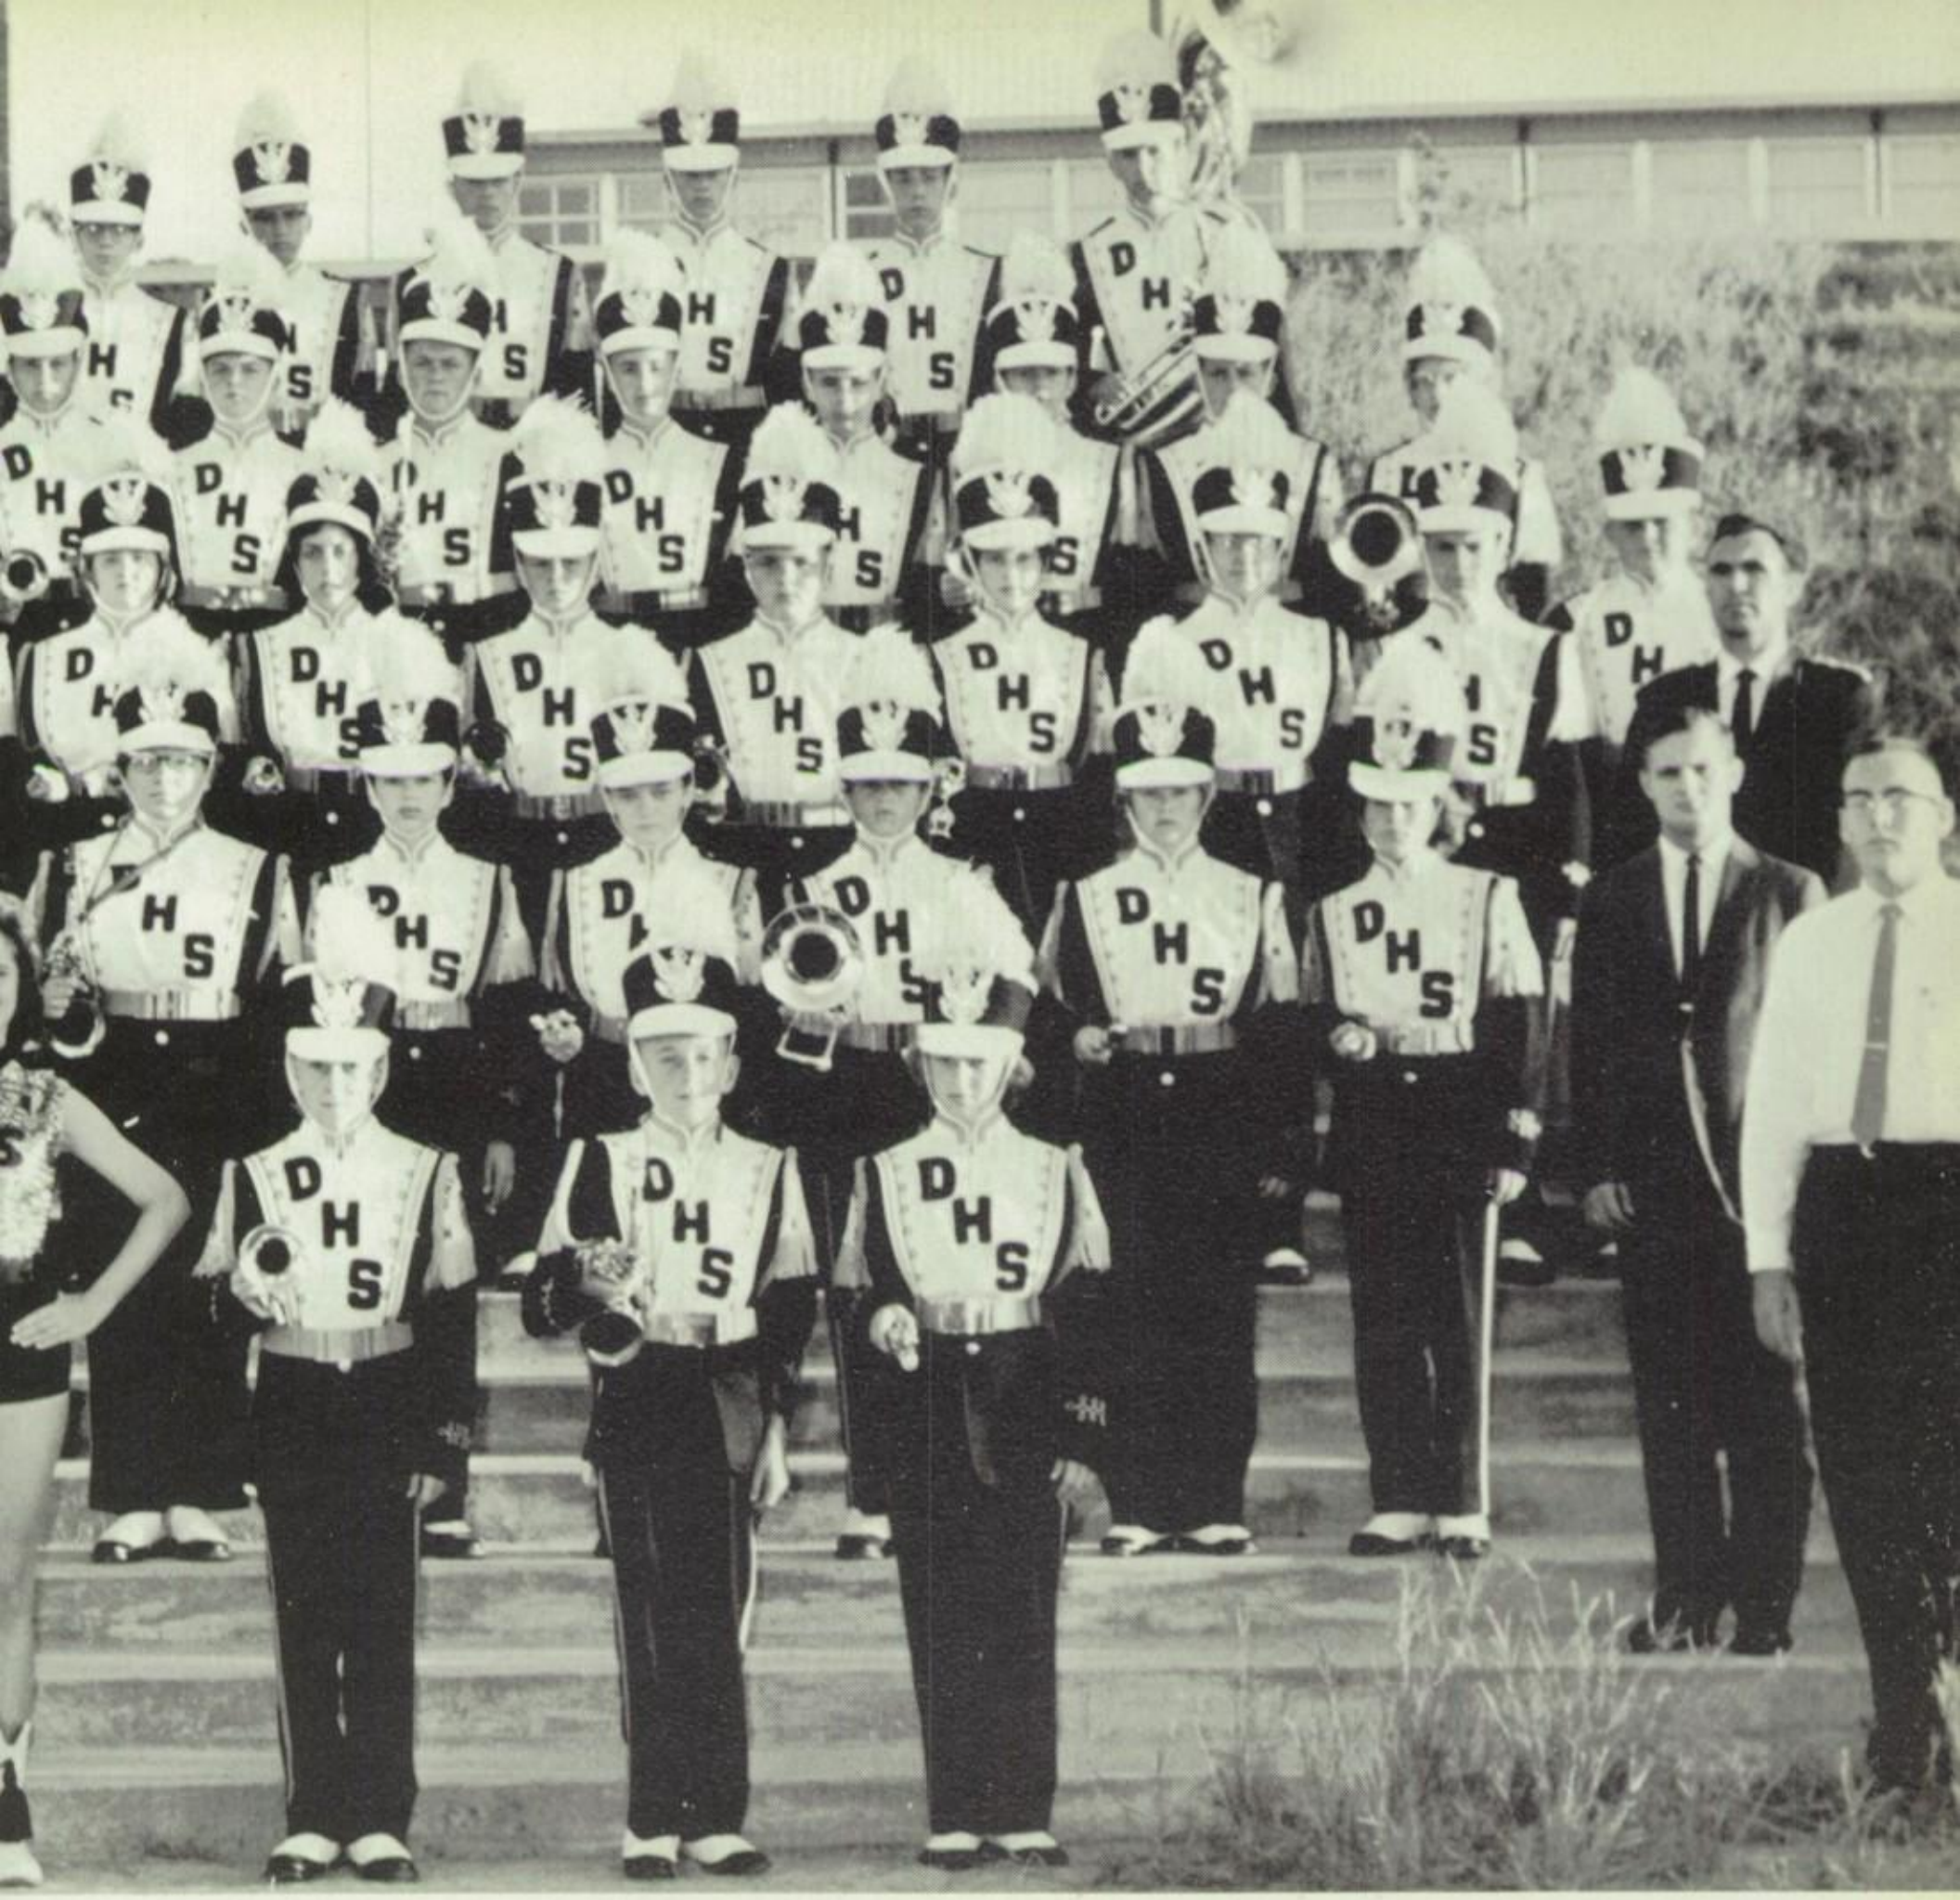
Davidson High School's

Davidson's band in its first functioning year has soared to stardom under the leadership of Mr. Lacey E. Powell, Jr. During the football season the band presented dazzling half-time shows filled with good music, precision marching featuring our own "silent drill" and spectacular twirling by the majorettes. The music it played at pep rallies boosted the warrior spirit. At the Christmas concert the group played to a capacity crowd in the school gym. To accent this rise to fame the Warrior Band was selected to appear on the cover of the Alabama Teacher's Journal. In January the band took its first trip to the Governor's Inaugural Parade in Montgomery, Alabama. There in a televised parade



Precision Marching Band

the Davidson Marching group gave the state an impressive look at one of its most talked about bands. In the spring the band received high ratings at the District Band Contest and the All State Band Contest.

However, success wasn't easy. During the summer vacation the industrious students attended various music camps and for three nights a week practiced marching techniques and learned new music. Toward the end of the summer Robert Taylor was chosen Drum Major, and the Booster's Club presented the band with their brand new uniforms.

MR. LACEY E. POWELL, JR.

Davidson High School has been privileged to have as its band director for the past two years, Mr. Lacey E. Powell, Jr. After majoring in music at Troy State Teachers' College, he taught band at Andalusia High School before coming to Davidson.

Many honors have been bestowed upon Mr. Powell, which display his aptitude and ability in the field of music. Some of these are: Pres. Ala. Band Association; Music Supervisor of Mobile County Public Schools; and Sec. Phi Beta Mu, National Honorary Band Director Fraternity.

We are deeply indebted to Mr. Powell for the splendid work he has done with the band.

Girls' Chorus

The Choral Department of our School has contributed much to the enjoyment and culture of our entire program. The individual members of the various local groups give evidence of being happy in their work. They have given liberally of time and talent to many special programs and occasions, including participation in contests, community musical entrtainment, and P.T.A. programs. We are indebted to this splendid department for its spirit and co-operation. We appreciate the work and interest of the director, Mrs. Early.

PRESENTS

ACTIVITIES

The activities of our School may be classified as academic, social, campus, civic, athletic, and special. Also, within each club or organization there are certain activities.

Perhaps class activities are the most important as they include anything which promotes and encourages learning. Some are planned; others are spontaneous. Interest is the keynote of any activity of value.

Students realize the importance of those which contribute to learning and discovering truth. They also are concerned with those which deal with the social development. The School has a policy for assisting with a part of this need, through parties, socials, picnics, etc.

Some of our most valuable activities are those which give us an opportunity to serve our community. The Key Club and Grey Ladies are examples. Projects which are designed to help others are carried out. This in turn adds to growth in personal citizenship.

Miss Football and Her Court Presented at Davidson - Rain Game

Queen Mary Kay Eddins
Escort Donald Stacey

The glamour and excitement of the 1962 football season were highlighted by the presentation of Miss Football and her court at the Davidson-Rain game of October 11. The pageantry and splendor of the gala festivities captivated the spectators as Mary Kay Eddins was introduced as Davidson's first Miss Football. The band, while in a heart formation, played the familiar strains of "All the Things You Are" and provided an appropriate atmosphere as the royalty walked onto the field. As the completion of the ceremony, Mary Kay was crowned queen by Mr. Shout and was given a bouquet of mums by Mary Epperson, Vice President of the Senior Class. As a climax of the festivities, the queen and her court were honored at a dance given by the Student Council.

Assemblies Add Variety

During entertaining and colorful dramatics class assemblies, several plays were produced for the student body. Among these was "Christmas Coast to Coast," a farce about a housewife's idea of an unusual television Christmas and the utter confusion which resulted from her crazy antics. Starring in the play were Cookie Jayne, Mike Bergbower, Marcy McEneany, Gail Sossamon, and Gayle Trotter. Scenes from the play and rehearsals are shown below.

But, John, I . . .

Christmas was never like this!

"This is your announcer, Dulce Baker . . ."

Cha, cha, cha . . .

Say it with emotion!

Group rehearses for a new play.

to Student Life

The talent in Davidson has been brought out through student participation in its various activities. Two of such activities this year were the annual talent show and the Special Chorus's presentation, "Sadie Shaw From Arkansas," a musical comedy. The proceeds from "Sadie Shaw" went to the band uniform fund while those from the talent show were donated to the P.T.A. Such efforts as these show the close bond between Davidson students and their organizations.

Mike Tracy, Judy Rutter, Pat Scott, and Ray Neville star in ***"Sadie Shaw From Arkansas."***

Maurice Thorne, Linda Reed harmonize in the talent show.

Kittie Weaver brings Hawaii to the talent show.

While Southern hospitality and historic traditions make Mobile the charm spot of the South, Davidson has had a part in making the Azalea Trail festivities the pride of our city. In the elegant pageant this year, four Davidson students competed against sixty other high school girls for the coveted title of "Miss Azalea Trail." These vivacious representatives of our school made a splendid showing in the festivities and, as a result, one of them, Mary Kay Eddins, was chosen as a Maid to the Azalea Queen. Mary Kay radiated with dignity and charm while visiting, as a part of her duties, Birmingham and Montgomery. The colorful array of azaleas was indeed complemented by Davidson's congenial representative to the Azalea Trail Court.

ATHLETICS

Athletics is not a modern part of a curriculum or program. History explains the place and prominence of athletics in the development of the human life for ages. The Greeks were not the first people to popularize sports, yet they gave to this field a concept of quality and value which we respect today.

Youth finds in athletics a way of expression as well as a means of physical improvement. Our society regards this area of human interest as an essential facet of a balanced outlook for those who participate and those who are spectators.

A. A. Champions

After dropping the opening game to U.M.S. the fighting Warriors got off the ground, and went undefeated the rest of the season. This is the second year in a row that Davidson has won the championship. In the season of 1961, Davidson won the "A" Conference Crown, and in this season of 1962 the Warriors won the "AA" Conference Crown. The football team would like to thank the Student Body and the faculty for their support; without this support the Warriors could not have won the championship.

ADVERTISEMENTS

Trademarks identify values for what they are and what they mean. Our friends who are contributing in a business way to our progress are also helping to carry forward that free enterprise idea America stands for, and at the same time indicate to students that interest in youth's dreams is a definite part of a felt expression.

Even our School has its trademark which is symbolized by THE WARRIOR. Life is a matter of conquering and moving onward to better aims. It may be the battle of self-control, the fight for convictions, or the struggle for higher quality living. Whatever the problem, we must be characterized by a willingness to conquer it through scientific thinking and constant evaluation.

MOBILE COUNTY

Fastest Growing County in the State

PROFIT and PROSPERITY

No others section in the United States offers the homeseeker or investor surer returns for his money than MOBILE COUNTY, ALABAMA. We have more than five hundred miles of paved road, and more being constructed, making every section of the county easily accessible on paved roads. Fruits of every variety, farming, cattle raising, bee culture, wool, truck growing, in fact, everything that is offered in different parts of the country is embodied in the possibilities offered the industries of Mobile, one of the seven most progressive cities in the United States. Thousands of acres of virgin soil are available far below their intrinsic value. Climate and water are equal to the best in the United States.

A visit to Dauphin Island will convince you it is the sportsman's paradise—salt water fishing the year 'round.

Investigation and correspondence are solicited. For further information about this wonderful section communicate with MOBILE COUNTY COMMISSION of Mobile, Alabama.
